WORK EXPERIENCE

IT Engineer Jul 2025 – Present

Colour International – Baba Dogo, Nairobi

- Installation & Commissioning Biomedical Devices and integration of clinical IT systems (RIS, PACS, HIS) as per manufacturer specifications and internal quality standards.
- Setting up servers, configuring networks, and conducting acceptance testing.
- Planning and executing routine maintenance schedules for biomedical and clinical imaging/IT systems.
- Diagnosing and resolving faults promptly to ensure uninterrupted service.

Lead software Engineer Jan 2024 -Jun 2025
Compoint Technologies - Trishul Towers, Muranga Road, Nairobi

-Was responsible for maintaining company's native ERP. Renewed workload distribution system using HAProxy resulting to a 20% increase in response times.

-Built a custom CRM using PHP which helped in a 35% increase in customer retention and a 20% increase in customer satisfaction.

Sales manager. Feb 2020 – Nov 2023
Compoint technologies - Trishul Towers, Muranga Road, Nairobi

-Was responsible for coordination and supervision of inventory management and logistics. I was also responsible for the company's book keeping, opening and closing the books at the beginning and end of every business day.

Junior Software Developer May 2019 – Jan 2020
Ecojoules Limited – 435, Thika Superhighway, Thika

-Worked under senior engineers acting as a helping hand and a pair-programming colleague whereby I aided in the development of crucial company systems.
